

Index of Cal-IPC News (previously CalEPPC News) articles, 1993-2008, organized by plant scientific and common names. January 2, 2009.

A. cyclops (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

A. longifolia (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Acacia baileyana (2)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Acacia dealbata (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Acacia decurrens (1)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Acacia spp. (2)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

Acaena tetragonioides (1)

Harris, G. (1998). Invasive New Zealand weeds: Our native plant invaders. CalEPPC News. **6**: 8-9.

Acanthomintha ilicifolia (1)

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

African mustard (1)

Cal-IPC (2008). Weed Alerts. Cal-IPC News. **16**: 8.

Ageratina adenopherum (1)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Agrostis capillaris (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Agrostis stolonifera (1)

Cal-IPC (2004). Genetically modified weeds. Cal-IPC News. **12**: 11.

Will *Agrostis stolonifera* (creeping bentgrass) be the first perennial non-row crop plant to be released with glyphosate resistance genes?

Ailanthus (1)

Neill, B. and T. A. Angeles (2005). The basal bark method of applying triclopyr herbicide. Cal-IPC News. **13**: 8-9.

Basal bark and foliar treatment methods using Pathfinder II and Garlon 4 formulations of triclopyr ester herbicide on castor bean, *Ailanthuys* and broom

Ailanthus altissima (6)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

Goode, S. (1998). Legendary stewardship award. CalEPPC News. **6**: 10.

Hunter, J. C. (1995). *Ailanthus altissima* (Miller) Swingle: Its biology and recent history. CalEPPC News. **3**: 4-5.

Kitz, J. (1997). A working paper on *Ailanthus*. CalEPPC News. **5**: 9.

Kitz, J. (2000). Drilling *Ailanthus*. CalEPPC News. **8**: 13.

Ailanthus altissima (Miller) Swingle (1)

Hunter, J. C. (1995). *Ailanthus altissima* (Miller) Swingle: Its biology and recent history. CalEPPC News. **3**: 4-5.

Ailanthus trees (1)

Cal-IPC (2007). Fighting weeds with the best of them. Cal-IPC News. **15**: 11.

Aira caryophyllea (1)

Hastings, M. and J. DiTomaso (1996). The use of fire for yellow starthistle (*Centaurea solstitialis*) management and restoration of native grasslands at Sugarloaf Ridge State Park. CalEPPC News. **4**: 4-6.

AIS (1)

Doherty, A. (2008). Vector risk assessment for aquatic invasive species. Cal-IPC News. **16**: 10.

Albizia lebbbeck (1)

Council), F. F. E. P. P. (2000). FNGA urges growers to phase out invasive plants. CalEPPC News. **8**: 5.

Albizia lophantha (1)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Alkali-Heath (1)

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

Allium triquetrum (1)

DiTomaso, J. (2006). New weed alerts! Cal-IPC News. **13**: 4-5.
Invasive plants that are spreading, cultivated garden plants going wild.

Alopecurus pratensis (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Alternanthera philoxeroides (1)

Pitcairn, M. (2000). All weeds that have approved biological control agents, accidental introductions and others. CalEPPC News. **8**.
These tables of weeds with approved and/or accidental biocontrol agents (Tables 1 and 2) were accidentally omitted from Mike Pitcairn's President's Message in the 1999 Summer/Fall issue of CalEPPC News

Amaranthus albus (1)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Ammophila arenaria (4)

Cal-IPC (1994). Exotic pest plants of greatest ecological concern in California September 1994. CalEPPC News. **2**: 10.

Cal-IPC (2004). Hard work, low pay, miserable conditions: The California Conservation Corps pulls weeds. Cal-IPC News. **12**: 10-11.

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Cole, K. and N. Molinari (2004). Teaching weeds: California university invasive plant programs. Cal-IPC News. **12**: 11.

Ammophila sp. (1)

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

annual bluegrass (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

annual grasses (2)

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

John, T. S. (1999). Nitrate immobilization and the mycorrhizal network for control of exotic ruderals. CalEPPC News. **7**: 4-5.

Annula false-broom (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Anthoxanthum odoratum(1)

Young, S. L. (2002). Exploring alternative methods for vegetation control and maintenance along roadsides. CalEPPC News. **10**: 5-7.

Aptenia cordifolia (1)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Aquatic invasive species (1)

Doherty, A. (2008). Vector risk assessment for aquatic invasive species. Cal-IPC News. **16**: 10.

Arctotheca calendula (2)

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Connick, S. and M. Gerel (2005). Don't sell a pest: A new partnership to prevent plant invasions through horticulture. Cal-IPC News. **13**: 4-5,14.

artichoke thistle (3)

Kelly, M. (1999). Roundup of *Arundo* projects reveals commitment, strategic weakness. CalEPPC News. **7**: 4-9.

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

Pepper, A. and M. Kelly (1994). The ecology and management of the wild artichoke *Cynara cardunculus*. CalEPPC News. **2**: 4-6.

Arundo (1)

Owen, K. (2004). An island called Santa Cruz: Removing invasives on the Channel Islands. Cal-IPC News. **12**: 4-5,13.

Arundo donax (30)

Bell, C. E., M. Evans, et al. (2000). Exotic pest plants, Calif. Assoc. of Nurserymen, and CalEPPC. CalEPPC News. **9**: 9-10.

Brandt, L. (2007). Funding outside the box. Cal-IPC News. **15**: 12,13.

Brusati, E. (2007). Weed workers and wildlife biologists find common ground in Monterey. Cal-IPC News. **15**: 8.

Burkhart, B. and M. Kelly (2005). Which weeds dominate southern California urban riparian systems? Cal-IPC News. **13**: 4-5,12.

Cal-IPC (1993). Working group reports on weed control methods and applications for *Arundo*, french broom, german ivy, hoary cress, yellow starthistle, and pampasgrass. CalEPPC News. **1**: 8-10.

Cal-IPC (1994). Exotic pest plants of greatest ecological concern in California September 1994. CalEPPC News. **2**: 10.

CalEPPC (1993). California Exotic Pest Plant Council draft list exotic plants of greatest concern October 1993. CalEPPC News. **1**: 6.

Connick, S. and M. Gerel (2005). Don't sell a pest: A new partnership to prevent plant invasions through horticulture. Cal-IPC News. **13**: 4-5,14.

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

Dozier, M. (2007). Shasta County citizens take on weeds. Cal-IPC News. **14**: 4-5.

Dudley, T. (2000). Foreign exploration for biological control of *Arundo donax*. CalEPPC News. **8**: 8-9.

Goode, S. (1998). Legendary stewardship award. CalEPPC News. **6**: 10.

Griffith, J. and K. Hill (2006). Conservation Corps attacks *Arundo*. Cal-IPC News. **13**: 9.
California Conservation Corps works in Russian River area on *Arundo* removal

Horney, M. (2002). New remote sensing tool under evaluation. CalEPPC News. **10**: 4.
New spectral analysis procedure processes solar reflectance data to produce quantitative estimates of specific pigment concentrations, canopy cover and leaf architecture.

Iverson, M. E. (1995). Effects of *Arundo donax* on water resources. CalEPPC News. **3**: 10.

Iverson, M. E. (1998). Effects of *Arundo donax* on water resources. CalEPPC News. **6**: 10.

Jackson, N. (1993). The story of Team Arundo. CalEPPC News. **1**: 6-7.

Johnson, M., T. Dudley, et al. (2006). Seed production in *Arundo donax*? Cal-IPC News. **14**: 12-13.
Research project examining seed production in *Arundo donax*. Santa Clara River.

Kelly, M. (1994). Tamarisk advancing in Baja California. CalEPPC News. **2**: 9.

Kelly, M. (1997). Lessons from the front: Taking stock to avoid surprises. CalEPPC NEWS. **5**: 4-7.

Kelly, M. (1999). Roundup of *Arundo* projects reveals commitment, strategic weakness. CalEPPC News. **7**: 4-9.

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

Lambert, A. and T. Dudley (2007). common reed as an invader in California. Cal-IPC News. **15**: 8-9.

Neill, B. and T. A. Angeles (2006). Low-volumn foliar treatment of *Arundo* using imazapyr. Cal-IPC News. **14**: 6-7,11.
Treatment of *Arundo* in urban riparian areas using an unconventional approach and a relatively new herbicide.

Newhouser, M. (2008). Using the Arundo hook to bend-and-spray. Cal-IPC News. **16**: 4,5.

Rose, P. (2004). Setting the stage: The Ventura County Arundo Task Force. Cal-IPC News. **12**: 8-9,17.

Sims, T. (1997). The weed from hell finds a buyer. CalEPPC News. **5**: 5.

Starkey, F. (1998). The weed from hell arrives in paradise. CalEPPC News. **6**: 5.

Stein, E. D. and V. Vartanian (1997). Killing the beast: A cooperative approach for control of *Arundo donax* in the Santa Ana River watershed. CalEPPC News. **5**: 4-6,8.

Warner, P. (1998). CalEPPC Symposium '97. CalEPPC News. **6**: 6-8.

arundo hook (1)

Newhouser, M. (2008). Using the Arundo hook to bend-and-spray. Cal-IPC News. **16**: 4,5.

Ascophyllum nodosum (1)

Cal-IPC (2008). Weed Alerts. Cal-IPC News. **16**: 8.

Asparagas asparagoides (1)

Randall, R. P. and S. G. S. Lloyd (2003). Weed warning from downunder: The weed potential of selected South African plants in cultivation in California. CalEPPC News. **11**: 4-6.

Asparagus asparagoides(1)

Giessow, J. (2000). Plant of potential concern: *Asparagus asparagoides*. CalEPPC News. **9**: 7-8.

Atlantic ivy (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Avena barbata (1)

Young, S. L. (2002). Exploring alternative methods for vegetation control and maintenance along roadsides. CalEPPC News. **10**: 5-7.

Avena spp. (1)

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

baby's breath (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

basal bark herbicide applications (1)

Holmes, K. A. (2008). Soil impact from basal bark treatment of wild fig trees. Cal-IPC News. **16**: 8.

Bauhinia variegata (1)

Council), F. F. E. P. P. (2000). FNGA urges growers to phase out invasive plants. CalEPPC News. **8**: 5.

beach sheoak (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

bend-and-spray (1)

Newhouser, M. (2008). Using the Arundo hook to bend-and-spray. Cal-IPC News. **16**: 4,5.

bioaccumulates mercury (1)

IPC, C. (2007). Effects of water hyacinth shredding on water quality. Cal-IPC News. **15**: 11.

Bischofia (1)

Council), F. F. E. P. P. (2000). FNGA urges growers to phase out invasive plants. CalEPPC News. **8**: 5.

Bischofia javanica (1)

Council), F. F. E. P. P. (2000). FNGA urges growers to phase out invasive plants. CalEPPC News. **8**: 5.

Bitex agnus-castus (1)

Cal-IPC (2008). Weed Alerts. Cal-IPC News. **16**: 8.

botanists (1)

Brusati, E. (2007). Weed workers and wildlife biologists find common ground in Monterey. Cal-IPC News. **15**: 8.

Brachypodium distachyon (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Brachypodium sylvaticum (2)

Johnson, J. (2004). *Brachypodium sylvaticum* (slender false brome). Cal-IPC News. **11**: 10-11.

The first California collection of the highly invasive false brome *Brachypodium sylvaticum* was made in Dec 2003 at San Francisquito Creek in San Mateo and Santa Clara counties.

Tu, M. (2004). Waipuna(TM) not? Hot foam good for more than lattes. Cal-IPC News. **12**: 6-7.

Review of a new tool that uses heated foam to steam kill vegetation.

Brassica geniculata (2)

Holt, J. S. (2005). Invasive plants research at UC Riverside. Cal-IPC News. **13**: 12-13.

Current projects in the labs of Edith Allen, Norman Ellestrand, Jodie Holt and others

Kitz, J. (2000). Federally listed species vs. mustard. CalEPPC News. **8**: 12.

Brassica nigra (3)

Holt, J. S. (2005). Invasive plants research at UC Riverside. Cal-IPC News. **13**: 12-13.

Current projects in the labs of Edith Allen, Norman Ellestrand, Jodie Holt and others

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

Perala, C., D. A. Hoover, et al. (1993). Control of exotic plants in an herbaceous understory. CalEPPC News. **1**: 4-6.

Wildland weed control and restoration of the herbaceous native understory in Solstice Canyon in the Santa Monica Mountains of Southern California

Brassica spp. (1)

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

Brassica tournefortii (2)

Brooks, M. and K. Berry (1999). Ecology and management of alien annual plants in the California desert. CalEPPC News. **7**: 4-6.

Holt, J. S. (2005). Invasive plants research at UC Riverside. Cal-IPC News. **13**: 12-13.
Current projects in the labs of Edith Allen, Norman Ellestrand, Jodie Holt and others

Brazilian pepper (1)

Kelly, M. (2000). Education: Wildland weed tours and talks. CalEPPC News. **8**: 3-4.

Bridal creeper (1)

Giessow, J. (2000). Plant of potential concern: *Asparagus asparagoides*. CalEPPC News. **9**: 7-8.

bristly oxtongue (1)

Cal-IPC (2008). Weed Alerts. Cal-IPC News. **16**: 8.

Briza minor (1)

Hastings, M. and J. DiTomaso (1996). The use of fire for yellow starthistle (*Centaurea solstitialis*) management and restoration of native grasslands at Sugarloaf Ridge State Park. CalEPPC News. **4**: 4-6.

brome grasses (2)

Brooks, M. and K. Berry (1999). Ecology and management of alien annual plants in the California desert. CalEPPC News. **7**: 4-6.

Lovich, J. (1995). Wildlife and weeds: life in an alien landscape. CalEPPC News. **3**: 4-5.

Bromus diandrus (5)

Albert, M. E. (1995). Portrait of an invader II: The ecology and management of *Carpobrotus edulis*. CalEPPC News. **3**: 4-6.

Cal-IPC (2006). "Conservation Across Borders" in San Jose. Cal-IPC News. **14**: 11-12.

Exerpts from abstracts of papers presented at the annual international meeting of the Society of Conservation Biology with particular relevance to California invasive plant issues.

Hastings, M. and J. DiTomaso (1996). The use of fire for yellow starthistle (*Centaurea solstitialis*) management and restoration of native grasslands at Sugarloaf Ridge State Park. CalEPPC News. **4**: 4-6.

Perala, C., D. A. Hoover, et al. (1993). Control of exotic plants in an herbaceous understory. CalEPPC News. **1**: 4-6.

Wildland weed control and restoration of the herbaceous native understory in Solstice Canyon in the Santa Monica Mountains of Southern California

Young, S. L. (2002). Exploring alternative methods for vegetation control and maintenance along roadsides. CalEPPC News. **10**: 5-7.

Bromus hordeaceus (2)

Hastings, M. and J. DiTomaso (1996). The use of fire for yellow starthistle (*Centaurea solstitialis*) management and restoration of native grasslands at Sugarloaf Ridge State Park. CalEPPC News. **4**: 4-6.

Young, S. L. (2002). Exploring alternative methods for vegetation control and maintenance along roadsides. CalEPPC News. **10**: 5-7.

Bromus japonicus (1)

Brusati, E. (2007). New Plants added to the Cal-IPC Inventory. Cal-IPC News. **15**: 10.

Bromus madritensis (3)

Brooks, M. and K. Berry (1999). Ecology and management of alien annual plants in the California desert. CalEPPC News. **7**: 4-6.

DiTomaso, J. (1998). Results of the CalEPPC questionnaire at Symposium '98 in Ontario. CalEPPC News. **6**: 4.

Holt, J. S. (2005). Invasive plants research at UC Riverside. Cal-IPC News. **13**: 12-13.
Current projects in the labs of Edith Allen, Norman Ellestrand, Jodie Holt and others

Bromus mollis (1)

Wheeler, J. (2000). BLM uses heavy equipment to give weeds the heave-ho! CalEPPC News. **8**: 14.

Bromus rubens (3)

Brooks, M. and K. Berry (1999). Ecology and management of alien annual plants in the California desert. CalEPPC News. **7**: 4-6.

Perala, C., D. A. Hoover, et al. (1993). Control of exotic plants in an herbaceous understory. CalEPPC News. **1**: 4-6.
Wildland weed control and restoration of the herbaceous native understory in Solstice Canyon in the Santa Monica Mountains of Southern California

Warner, P. (1998). CalEPPC Symposium '97. CalEPPC News. **6**: 6-8.

Bromus spp. (1)
